How to use this resource

Possible Activities

- Notice & Wonder

Show a photo and ask students: What do you notice? What do you wonder? Let students be curious and creative. What math do they see in the photo?

- What's the Question

Show a photo and have students ask a math question about the photo. Your class can discuss the math questions or students can answer each other's math questions.

- Tell the Story

Show a photo and have students create a story problem based on the photo. Students can solve each other's story problems.
